ARTICLE 1 GENERAL INFORMATION

1.1 AUTHORITY TO ADOPT PERSONNEL RULES

A. The Selectboard of the Town of Stowe hereby adopts these Personnel Rules pursuant to the authority granted under 24 VSA Chapter 11, Subchapter 33 and the Stowe Town Charter.

1.2 PURPOSE

A. The purpose of these Personnel Rules is to establish policies and procedures to ensure, in so much as possible, uniform application and administration of rules regarding the employment of persons by the Town of Stowe, as well as to inform current and potential employees of the working environment (e.g. terms and conditions of employment, including pay and benefits) which can be expected.

B. It must be recognized, however, that the uniform treatment of personnel at all times is neither feasible, nor is it always in the best interest of both parties. This statement is made on the presumption that employee work performance, attitudes and capabilities vary to a degree based upon each individual's effort and personality. Therefore, it shall be the policy of the Town to encourage good employment behaviors and not condone poor employee conduct.

C. In addition, these Personnel Rules are intended to serve as a set of procedures by which - employees may strive to deliver the government services that are desired by the taxpayers of Stowe in the most efficient, capable and friendly manner possible.

1.3 APPLICABILITY

A. These Personnel Rules shall apply to all non-unionized Town employees, , except Electric Department employees, elected officials, school district employees, members of boards and commissions, volunteers appointed by the Selectboard and persons who provide contracted services.

B. The Town reserves the right to temporarily suspend the provisions of these Personnel Rules in the event the Selectboard declares an emergency situation, to the extent permitted by law.

C. If any provision within these Personnel Rules is determined to be invalid by a court of competent jurisdiction or if a provision is superseded by federal or state law, such invalidity shall not affect any other provision or the application of the remaining procedures contained herein.

D. These Personnel Rules are not meant to serve as a replacement for federal or

state laws governing personnel matters, but rather, in some cases they are designed to clarify mandatory regulations. And these Personnel Rules are also a means by which the Town, acting in its capacity as an employer, expresses its doctrines pertaining to Town employees in areas where no federal or state guidelines exist.

E. These Personnel Rules are not to be construed as an employment contract between the Town and any of its employees.

F. The terms and provisions changed in this version of the personnel rules are not meant to apply retroactively, but instead will be in effect from this day forward.

1.4 ADMINISTRATION

A. The overall responsibility for the administration of the rules, regulations and policies contained in these Personnel Rules rests with the Selectboard. However, the day-to-day administration of these rules is delegated to the Town Manager, and to a lesser extent, the Department Heads as set forth in these Rules.

B. The Selectboard has adopted an organizational chart (See Appendix B) and all employees shall take direction and seek relief from their immediate supervisor as identified in the organizational chart for matters that are of concern to the employee.

C. In the event the Town Manager is temporarily unable to execute the delegated responsibilities due to an absence from the workplace, the Public Works Director shall assume all responsibilities of the Town Manager and have full authority to implement and execute those duties delegated to the Town Manager. In the absence of the Public Works Director, the Selectboard may designate another Town Official to act as Town Manager. In the event the position of Town Manager is vacant, the Selectboard shall appoint an Acting Town Manager.

L. No one below the rank of Department Head is allowed to issue verbal press releases or conduct press conferences during work hours unless specifically authorized by the Department Head.

M. All outgoing written press releases, informational sheets, brochures, pamphlets, memorandums and other forms of official correspondence must be approved and authorized by the Department Head prior to release. Any written correspondence that expresses an opinion on a vote warned by the legislative body or otherwise may be interpreted as controversial shall be reviewed and approved by the Town Manager prior to its release.

N Employees shall reimburse the Town for long-distance personal telephone calls. In the rare event when an employee charges more than ten dollars (\$10.00) for personal telephone calls in any given month, the employee shall immediately upon invoice present a personal check made out to the Town. Whenever possible, employees should use personal cell phones for long distance calls of a personal nature or bill the calls directly to the caller (not the Town), using either operator assistance or a credit card.

O. Except as otherwise noted in Article 7.O above, no charges shall be made using Town accounts for a personal purpose.

P. No employee shall solicit or engage in any employment or self-employment during regular work hours or use Town vehicles, equipment or facilities in the pursuit of such employment, except in response to a Department Head's request to provide Town agencies with items or services at bargain prices in cases where the employee normally provides such items or services to others as a business venture.

Q. Employees are subject to job performance evaluations using such forms as the Town Manager deems reasonable. Department Heads are encouraged to give feedback to their employees throughout the year. However, formal written evaluations will be provided at least once per year. Results shall be submitted in writing to the employee, the Town Manager and shall also become a part of the employee's personnel file.

R. The Town shall make reasonable accommodations necessary to provide employment opportunities and service to the public in accordance with the Americans with Disabilities Act and Vermont law. The Town Manager is the compliance officer for

administering this policy. The Town reserves the right to periodically review and modify job descriptions to ensure minimum job qualifications are accurately described so that essential functions are clearly defined. (For example, employees who perform on-site inspections must meet certain mobility requirements).

S. All employees required to possess a valid driver's license or other certificate to perform the essential functions of their job as stated in the job description or mandated by a state or federal regulation, shall immediately notify their Department Head if their license or certificate is revoked or expired. No employee shall operate a Town vehicle without a valid driver's license. Employees who fail to comply with the provisions of this Article may face immediate discharge, even for a first offense.

T. Employees who are required to drive in the course of their work shall maintain a valid driver's license and comply with all applicable local, state and federal vehicle regulations at all times. Whenever applicable, a Vermont driver's license shall be required within six (6) months of appointment. Any employee who drives a Town vehicle or is involved in a motor vehicle accident while working or who receives a motor vehicle citation while working shall notify his or her Department Head as soon as possible. Copies of any citations or accident reports shall also be provided as soon as possible for insertion into the personnel file. Thereafter, employees shall furnish their Department Head with copies of any administrative or judicial dispensation records relating to the citation. (Dismissals or findings of not guilty shall result in those records being purged from the personnel files.) Employees required to have a valid driver's license as a condition of employment shall immediately notify the Town Manager of any suspension or revocation of their license. The Town assumes no responsibility for the payment of any fines for employee motor vehicle citations. The Town reserves the right to discharge any employee for:

- (1) Failure to comply with this policy;
- (2) Multiple or criminal motor vehicle citations; or
- (3) The suspension or revocation of a driver's license.

U. All employees shall furnish the Town Manager with written and official documentation within seventy-two (72) hours in the event they are convicted or plead nolo contendere to a felony. This documentation will become a permanent part of that employee's personnel file and may result in discharge.

V. The Selectboard, Town Manager or Department Head may, from time-to-time and in their sole discretion, require Town employees to submit written reports as a means of keeping informed of departmental activities.

W. Employees in positions that provide for public health and safety must respond to emergency overtime needs whenever possible. Employees who refuse to report to work in an emergency situation when they are otherwise able to do so will be subject to disciplinary action.

X. Employees who repeatedly refuse overtime may be dropped from the overtime rotation and may also risk disciplinary action for being unable to fulfill the duties of the position.

Y. Personnel files for current and past Town employees shall be administered as follows:

- (1) The Town Manager or designee shall retain a personnel file for all employees. The personnel file shall include, but not be limited to, resumes, applications, examinations, interview notes, records of investigations, evaluations, notices of disciplinary action, letters of commendation, and miscellaneous correspondence. Medical records shall also be retained in separate folders. These materials shall be secured at all times when not being accessed. Personnel files shall not include any informal notes, reminders or other records.
- (2) The Finance Department shall maintain records of attendance, payroll deduction information, levels of benefits by plan, type and vendor, and wage related materials.
- (3) No Department Head shall retain personnel files, but he/she may keep personal mementos, informal notes and records and private correspondence.
- (4) Any employee may inspect his or her personnel file upon request during break times and after normal working hours. Copies of materials shall be provided at no charge. No other access to a personnel file shall be allowed without the written authorization of the employee, except by the Town Manager, Executive Assistant, Department Head, Finance Manager, Benefits Coordinator or Selectboard.
- (5) The Town and its agents shall keep all personnel file information confidential, except when responding to inquiries by potential employers or creditors, in which case the Town will confirm title, pay and period of employment. No additional information will be released without a letter of authorization signed by the employee or former employee. (6)
Employees shall be notified when items of a disciplinary or adverse nature are included in their personnel file and they may insert written letters of rebuttal.

7.0 EMPLOYEE VEHICLE USE

Municipal Vehicles shall only be used for work related purposes and shall not be used for personal purposes. The Police Chief, Detective, Fire Chief, and Highway Superintendent are authorized to commute to and from work with the understanding that they are reasonably available for major emergency responses.

7.1 EMPLOYEE COMPUTER USE

The Town has a policy on computer use by employees to ensure the appropriate use of personal computers assigned to employees for work. The complete policy is attached at Appendix D.

7.2 ALCOHOL AND DRUG TESTING FOR CDL EMPLOYEES

A. CDL employees shall not possess, use, sell or be under the influence of any controlled substance, medication or alcohol, which might affect the safe operation of a motor vehicle. Possession shall include but not be limited to concealment or storage in a locker, bag, vehicle or other place accessible to the employee during work hours. Use of an alcoholic beverage shall include but not be limited to the consumption of an intoxicating beverage regardless of its alcohol content within four (4) hours before going on-duty.

B. All CDL employees shall be subject to urine testing for drugs and breath tests for alcohol under the following circumstances: post-accident, random sampling, reasonable suspicion and return to duty follow-up. Drug testing shall be for the following substances: marijuana, cocaine, amphetamines, phencyclidine and opiates.

C. The Town will designate testing facilities. Transportation to a testing facility (if required) shall be done under Town supervision. Refusal to be tested when directed by the Town or attempts to alter test outcomes shall result in an employee's immediate discharge.

D. Post-accident testing: In the event that an employee is involved in a motor vehicle accident with bodily injury (requiring medical attention or a fatality) or if the employee is cited for a moving violation, the employee shall be required to immediately (as soon as possible) submit to a test at Town expense to determine if drugs or alcohol are present. Tested employees under this Article are presumed to be sober unless circumstances suggest otherwise, and may be allowed to return to work, however they shall not be allowed to perform any safety sensitive functions until the test results are known.

E. Random testing: The Town shall participate in a drug and alcohol testing consortium of its own choosing to administer the testing (drug and/or alcohol), time

frames and actual random selections. All employees shall be required to submit to a drug and/or alcohol test at the Town's expense immediately upon notification that their names have been selected. Tested employees under this Article are presumed to be sober and will be allowed to return to work with no restrictions pending test results.

F. Reasonable suspicion testing: In the event the Town Manager or Highway Superintendent or other designated Department Head has reason to suspect an employee has reported to work under the influence of a substance which might affect the safe operation of a motor vehicle or inhibit the employee's ability to perform his or her job safely, the employee shall be required to submit to testing at Town expense to determine if drugs or alcohol are present. Testing for alcohol may also be administered by certified Police Department personnel. Tested employees under this Article shall be placed on administrative leave from the time the employee is returned to the workplace until such time as the test results are known. A positive test shall result in the leave being unpaid and a negative result shall result in paid leave without the depletion of accumulated annual leave.

G. Except as otherwise noted herein, all follow-up testing shall be administered in accordance with the recommendations of a certified substance abuse professional, provided, however, such tests shall be done at the employee's expense and if such tests are required while the employee is on-duty, leave time may be utilized upon approval by the Department Head. Once the initial return to work test clearance has been provided, tested employees under this Article are presumed to be sober and shall be allowed to return to work with no restrictions pending future test results.

H. A determination as to whether any test is positive or negative shall be made by a certified medical review officer in accordance with federal regulations. A positive test as a result of post-accident testing or return to duty follow-up shall result in an employee's immediate discharge. However, a positive test as a result of random sampling or reasonable suspicion will result in the following:

- (1) An immediate suspension for up to thirty (30) days without pay, and not before a negative test is confirmed by a certified testing facility, to be paid for at the employee's expense. In the event that no negative test is submitted within 30 days, the employee shall be discharged; and/or
- (2) A referral to the employee assistance program and a requirement that the employee be evaluated by a certified substance abuse professional (sap). The employee shall also be required to have the sap submit a written report to the Town Manager within thirty (30) days of the positive test result as a pre-requisite for returning to work. All expenses associated with this evaluation and report shall be the responsibility of the employee. Failure to submit a written report from a sap within 30 days shall result in the employee being discharged.

I. All urine tests shall be conducted using a split container to allow for two separate samples. An employee who tests positive for a prohibited substance may immediately undertake a subsequent test at his/her own expense using the same laboratory or one of their own choosing subject to secure chain of custody procedures. Employees who desire a blood test to refute a positive test may do so under Town supervision using a certified laboratory at their own expense. In the event a re-test overturns a positive test, all disciplinary action and records related to the test shall be purged from an employee's file and the employee shall be entitled to retroactive payment of all regular wages that were missed. However, any attempts to consume food or beverages or alter a second test result in any way will result in immediate discharge.

J. Employees must notify their Department Head before reporting to work if they are under the influence of alcohol (consumed an alcoholic beverage within 4 hours), medication or a controlled substance. If the employee is under the influence of a prescribed medication, the employee must have a doctor's note that indicates his or her ability to safely operate a motor vehicle. If the employee has consumed alcohol, he or she must wait at least 4 hours before operating a motor vehicle. However, employees are expected to be available for winter storm duty free from the influence of drugs or alcohol. Repeated abuses will result in a referral to the employee assistance program and possible disciplinary action, including discharge. Employees who are unable to work a regular shift under these circumstances for reasons other than taking prescribed medication or a genuine illness shall be ineligible for paid leave benefits.

K. The Town will notify the Federal Highway Administration and the Vermont Agency of Transportation of the name and test results (or refusal) for any person that is discharged as an employee under these provisions.

L. The Town Manager will retain records of all tests and refusals. In addition, individual test results and refusals shall be placed in each employee's medical file. Information in this file will be released to parties other than the employee only upon written authorization of the employee, subpoena, or government investigation.

M. Employees shall be determined to be in non-compliance with this policy under the following circumstances:

- (1) Failure to cooperate with the Town Manager in the administration of this policy;
- (2) Intoxication which results in the exhibition of behavior that is harmful or potentially harmful to the public or other employees while at work;
- (3) Failure to obtain professional treatment for alcohol or drug dependency;

- (4) Refusal to provide documentation of treatment; and
- (5) Failure to meet the goals of the treatment plan in a timely fashion.

N. The Town will make available through an employee assistance program, confidential counseling referrals for treatment and educational programs that explain the dangers of substance abuse. The Town shall also provide periodic education about this substance abuse policy, the procedures used for testing and employee rights with regards to the testing program.

O. Notwithstanding the Town's ability to impose disciplinary action for violations of this policy, any employee who receives a first-time diagnosis for being dependent on alcohol or drugs by a medical professional, a certified counselor or an accredited treatment facility shall receive the same consideration as employees with other serious illnesses. An employee so diagnosed for the first time will be placed on paid leave (if available) after any disciplinary action has been served, under the terms of this policy while undergoing a plan of treatment from a medical professional, a certified counselor or an accredited treatment facility. The employee must present periodic documentation to the Town from the medical professional, certified counselor or accredited treatment facility, of ongoing treatment whether the employee remains on leave or in order to return to work. The Town Manager reserves the sole right to decide, without being subject to any appeal proceedings, against reinstating any employee who continues to be unable to return to work after the leave period has expired.

7.3 DRUG FREE WORK PLACE POLICY

A. All work places owned, controlled or used by the Town shall be free from the unlawful manufacture, distribution, dispensing, possession or use of alcohol, illegal drugs or controlled substances without a valid prescription.

B. It shall be a violation of Town Policy for any employee to report for work under the influence of alcoholic beverages, or report for work under the influence of illegal drugs, to use illegal drugs or become intoxicated from alcoholic beverages while on the job, or fail to inform his or her Department Head of an impaired condition resulting from the use of medication prescribed by a health care provider for the employee.

C. Any employee who has a controlled substance dependency or any other controlled substance problem shall immediately seek professional assistance or counseling.

D. The criminal conviction of any employee for the unlawful manufacture, distribution, dispensing, possession or use of illegal drugs or controlled substances without a valid prescription may be cause for immediate discharge at the discretion of the Town.

7.4 ANTI-HARASSMENT POLICY

Town employees are entitled to a work environment free of discrimination, including freedom from harassment based on race, color, religion, national origin, sex, sexual orientation, gender identity, ancestry, place of birth, age, disability, genetic information, veteran's status, or any other legally protected status. The Town will not tolerate such conduct in the workplace or in other settings connected with employment. A complete copy of the Town's -Sexual Harassment Policy can be found at Appendix E.

7.5 CODE OF ETHICS AND CONFLICT OF INTEREST POLICY

The Town's Code of Ethics and policy regarding conflict of interest are attached at Appendix F.

ARTICLE 8 DISCIPLINARY PROCEDURES

A. The provisions of Article 8 shall apply only to regular full-time and regular part-time employees; they shall not apply to "at-will" employees. B. The Department Head, Town Manager or Selectboard may bring any violation of these Personnel Rules to the attention of the employee and impose disciplinary action.

- (1) Verbal warning with - memo to personnel file;
- (2) Written warning;
- (3) Suspension without pay;
- (4) Discharge.

D. Disciplinary action shall be applied in a fair manner and shall be consistent with the infraction for which disciplinary action is being administered, taking into consideration an employee's past conduct. The Town is not required to follow the sequence of disciplinary action described in this Article if an infraction is sufficiently severe to merit immediate suspension or discharge, as determined by the Department Head, Town Manager or Selectboard, subject to the employee's right of appeal in accordance with the provisions of Article 10.

E. If an employee is suspended, he or she shall be notified in writing of the effective date(s), reason, duration, and rights of appeal under the grievance procedures of the Personnel Rules. The notice shall be presented upon the employee's return to work, or within seventy-two (72) hours of the start of the suspension, whichever comes first. A suspension shall be unpaid (suspended employees shall not be eligible for leave pay) and shall not exceed two (2) weeks. During the period of suspension, employees shall remain obligated to pay the employee's share of insurance premiums.

F. If the Town is considering a discharge, it shall provide the affected employee with notice that it may terminate his/her employment, with a description of the charges and the evidence, and with the opportunity to present reasons why the Town should not discharge him/ her. If the Town decides to discharge the employee, the Town will notify the employee of the effective date and rights of appeal under the grievance procedures of the Personnel Rules within seventy-two (72) hours of the discharge. All actions of a disciplinary nature shall become a part of that person's permanent personnel file.

H. Employees shall be required to acknowledge all records of disciplinary action inserted into their personnel file by signing the document and returning it to the Town Manager or Department Head, whether or not they agree with the action. Employees shall be entitled to submit a written rebuttal of a disciplinary action to insert in their personnel file, provided such correspondence is received by the Town Manager within fifteen (15) working days of the notice being acknowledged by or given to the employee. Every disciplinary notice shall include a statement advising employees of their right to grieve and/or refute the disciplinary action as set forth in these Personnel Rules.

I. In the event an employee is the recipient of three (3) disciplinary actions (not including verbal warnings) within a five (5) year period, that employee shall be immediately discharged for misconduct.

ARTICLE 9 LAYOFFS & LABOR FORCE REDUCTIONS

A. The provisions of Article 9 apply only to regular full-time and regular part-time employees; they do not apply to "at-will" employees. In the event the Town implements a reduction in the labor force and two or more people are employed in the same position classification identified for the reduction, the Town will determine which employee(s) are most qualified to remain employed, based on qualifications and job performance.

D. The Town reserves the right to have regular full-time positions reclassified as regular part-time or irregular upon twenty-one (21) days written notification to the affected employee. The Town shall utilize the procedures set forth in Article 9 A. when necessary to select which position to reclassified. An employee in a position reclassified as regular part-time shall be subject to all of the terms and conditions of employment that are applicable for regular part-time employees.

ARTICLE 10 GRIEVANCE PROCEDURES

A. The provisions of Article 10 shall apply only to regular full-time and regular part-time employees; they shall not apply to “at-will” employees. A grievance is defined as an alleged violation of the express written provisions of these Personnel Rules. Any grievance which may arise between an employee and the Town or another employee(s) shall be settled in the simplest and most direct manner. The procedures shall be as follows unless a Department Head or the Town Manager waive their role because of their partiality:

Step 1. Any employee or group of employees having a grievance shall first present the grievance orally to the Department Head within five (5) working days after the event giving rise to the grievance or upon receipt of written notification, whichever comes last. If the grievance is not resolved to the satisfaction of the employee, then the grievance may be appealed as noted in step 2.

Step 2. A written grievance shall be submitted to the Town –Manager within

five (5) working days of the informal meeting with the Department Head. The grievance must specifically identify the provision(s) of these Personnel Rules or Town policies that are disputed and the desired outcome and shall be signed by the affected party (or parties). The Town Manager will schedule an informal hearing to review the matter with the Department Head and grievant and/or with the employee's representative (if so chosen) within five (5) working days of receipt of the grievance. The Town Manager shall render a written decision on the matter within five (5) working days of the hearing. If the grievance is not resolved to the satisfaction of the employee, then the grievance may be appealed as noted in step 3.

Step 3. An appeal of the Town –Manager's decision shall be submitted in writing to the Selectboard within five (5) working days after the date on which the Town Manager rendered or was supposed to render his or her decision. The Selectboard shall convene a hearing in executive session within fifteen (15) days of receiving the written appeal at its sole convenience, to consider evidence and testimony from the Town Manager, the Department Head, the grievant and/or his or her representative. The Selectboard shall render a written decision on the matter, signed by a majority of the Selectboard members, within ten (10) days of the close of the hearing. The decision of the Selectboard is final and not subject to any further appeal. Failure of the Selectboard to render a decision within the specified time shall be construed as approval of the grievance.

C. Failure by the grievant to adhere to the deadlines within this grievance procedure shall terminate the grievance.

These Personnel Rules are hereby APPROVED AND ADOPTED by the Stowe Selectboard on this the 25th day of July 2022 to be effective immediately.

Family and Medical Leave Policy

I. Policy Statement

The Town of Stowe ("Town") provides eligible employees with time off to take care of family and medical issues consistent with the federal Family and Medical Leave Act ("FMLA") and Vermont's Parental and Family Leave law ("VPFL").

II. Leave Entitlements

A. Family and Medical Leave

Subject to the definitions and requirements provided in the FMLA and VPFL, eligible employees may take up to 12 weeks of unpaid leave during the rolling 12 month period measured backward from the date the employee's leave begins. Leave may be taken for the following reasons:

For incapacity due to pregnancy, prenatal medical care or childbirth;
to care for the employee's child after birth, or placement for adoption or foster care;

to care for the employee's spouse, civil union partner, child, parent or parent of one's spouse or civil union partner with a serious health condition;

for a serious health condition rendering the employee unable to perform the functions of the employee's job.

B. Definition of Serious Health Condition

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities. Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than three consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

C. Military Family Leave

In addition to the four types of leave identified in Section II.A above, the

FMLA provides for two types of military family leave.

1. Qualifying Exigency Leave

Eligible employees with a spouse, son, daughter, or a parent on covered active duty or call to covered active duty may use their 12-week unpaid leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

Covered active duty means: (a) For service members of a regular component of the Armed Forces, duty during deployment of the service member with the Armed Forces to a foreign country; or (b) for service members of the reserve components of the Armed Forces (U.S. National Guard or Reserves), duty during deployment of the service member with the Armed Forces to a foreign country under a call or order to active duty in a contingency operation.

2. Military Caregiver Leave

The FMLA also includes a special leave entitlement that permits eligible employees who are the spouse, son, daughter, parent, or next of kin of a "covered service member" to take up to 26 weeks of unpaid leave to care for a covered service member with a "serious injury or illness" during a single 12-month period.

A covered service member is: (a) A current member of the Armed Forces, including a member of the U.S. National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list for a serious injury or illness incurred in the line of duty on active duty and/or that existed before the beginning of the service member's active duty and was aggravated by service in line of duty on active duty, that renders the service member medically unfit to perform the duties of his/her office, grade, rank, or rating; or (b) a veteran, who was a member of the Armed Forces, including U.S. National Guard or Reserves at any time during the period of five years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy, for a serious injury or illness, that was incurred by the member in the line of duty on active duty and/or that existed before the beginning of the service member's active duty and was

aggravated by service in the line of duty on active duty and that manifested itself before or after the service member became a veteran.

Military Caregiver leave, when combined with other FMLA-qualifying leave, may not exceed 26 weeks in a single 12-month period. Spouses who are employed by the Town may be limited to a combined total of 26 workweeks of leave during the single 12-month period.

III. Eligibility Requirements

To be eligible for these benefits, an employee must have worked for the Town for:

At least 12 months; and
at least 1,250 hours during the 12-month period immediately preceding the beginning of the leave.

IV. Use of Leave

Under certain circumstances, leave may be taken intermittently by taking leave in separate blocks of time or by reducing the usual number of work hours per work week or work day. The employee requesting intermittent leave may be transferred temporarily to an alternative job (with equivalent pay and benefits) that better accommodates recurring periods of leave. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the Town's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis. The use of intermittent leave for the birth or placement of adoptive children may be taken only with the prior approval of the Town.

V. Substitution of Paid Leave for Unpaid Leave

The four types of leave identified in Section II.A above are unpaid unless the employee chooses to substitute accrued vacation leave or other accrued paid leave under the Town's applicable policies. Use of any such paid leave in this way will run concurrently with unpaid FMLA leave and will not extend the leave period beyond 12 weeks.

When taking Qualifying Exigency leave or Military Caregiver leave, the Town may require the employee to use accrued vacation leave or other accrued paid leave under the Town's applicable policies, which shall run concurrently with

FMLA leave and will not extend the leave period.

VI. Work-Related Injuries

Time off for work-related injuries that meet the criteria for a serious health condition will be charged to time off allowed under this policy.

VII. Benefits and Protections

A. Benefits Continuation

During the 12-week FMLA and/or VPFL leave, the Town must continue employment benefits for the duration of the leave on the same terms as if the employee had continued to work. Employees are required to make arrangements to continue to pay their share of premiums while on leave. Failure to make such premium payments may result in cancellation of coverage.

In the event an employee elects not to return to work upon completion of FMLA and/or VPFL leave, he/she may be required to repay the cost of any payments made to maintain insurance coverage. This repayment obligation will not apply when the employee does not return to work because of the continuation, recurrence or onset of the employee's own serious health condition or other circumstances beyond the employee's control.

During Military Caregiver leave, the Town must maintain the employee's health coverage under a "group health plan" on the same terms as if the employee had continued to work. Employees are required to make arrangements to continue to pay their share of premiums while on leave. Failure to make such premium payments may result in cancellation of coverage.

B. Job Restoration

Upon return from FMLA and/or VPFL leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits and other terms and conditions of employment existing on the day leave began, as long as the Town still provides such benefits.

An employee will be required to provide a return-to-work certificate prior to being restored to employment following a leave taken for his/her own serious health condition. Restoration may be delayed if the employee fails to provide the required return-to-work information.

An employee on leave does not have greater job protection than if the employee had been continuously employed. For example, an employee will not be restored to his/her original or an equivalent job if the Town eliminated the position for reasons unrelated to the leave, or if the employee had been informed prior to requesting leave that employment would terminate.

Use of FMLA and/or VPFL leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

VIII. Employee Responsibilities

Employees must give reasonable notice of their intent to take leave to the Benefits Coordinator when the need for leave is foreseeable. The Town requests that notice be given in writing when practicable. When the need for leave is not foreseeable, the employee must provide notice as soon as practicable and generally must comply with the Town's normal paid leave procedures.

Notice should include sufficient information for the Town to determine whether the leave may qualify for FMLA and/or VPFL protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. Employees also must inform the Town if the requested leave is for a reason for which FMLA and/or VPFL leave was previously taken or certified. Employees also will be required to provide a certification supporting the need for leave.

IX. Town Responsibilities

The Town will inform employees requesting leave whether they are eligible under FMLA and/or VPFL. If the employee is eligible, the notice will specify any additional information required as well as the employee's rights and responsibilities. If the employee is not eligible, the Town will provide a reason for the ineligibility. The Town will also inform employees if leave will be designated as FMLA and/or VPFL-protected and the amount of leave counted against the employee's leave entitlement. If the Town determines that the leave is not FMLA and/or VPFL-protected, the Town will notify the employee.

X. Short-Term Leave

The Town also provides eligible employees with unpaid leave each year to participate in school activities and to attend medical appointments with certain

relatives consistent with the VPFL.

A. Eligibility for Short-Term Leave

To be eligible for this benefit, an employee must have continuously worked for the Town for:

- At least 12 months; and
- an average of at least 30 hours per week during the 12-month period immediately preceding the beginning of the leave.

B. Leave Entitlement

Employees may request and may take up to 24 hours of unpaid time off each year under the following circumstances:

- To participate in preschool or school activities directly related to the academic educational advancement of an employee's child, stepchild, foster child or ward who lives with the employee, such as a parent-teacher conference;
- to attend or to accompany the employee's child, stepchild, foster child or ward who lives with the employee, or the employee's spouse, civil union partner, parent or parent of one's spouse or civil union partner to routine medical or dental appointments;
- to accompany the employee's spouse, civil union partner, parent or parent of one's spouse or civil union partner to other appointments for professional services related to their care and well-being; or
- to respond to a medical emergency involving the employee's child, stepchild, foster child or ward who lives with the employee, or involving a spouse, civil union partner, parent, or parent of one's spouse or civil union partner.

Employees may take up to 24 hours of unpaid leave during the rolling 12-month period measured backward from the date the leave begins. Leave must be taken in a minimum of two-hour segments.

Employees shall make a reasonable attempt to schedule appointments for which this leave may be taken outside of regular work hours.

C. Unpaid or Paid Short-Term Leave

Leave is unpaid unless the employee chooses to use accrued vacation or other accrued paid leave available to him/her under Town policy.

- D. **Notice Requirements for Short-Term Leave**
Employees must provide the Benefits Coordinator with the earliest possible notice, but no later than seven days before the leave is to begin, except in the case of an emergency. In the case of an emergency, notice must be given as soon as practicable. An “emergency” means circumstances in which the required seven-day notice could have a significant adverse impact on the employee’s family member.

XI. **Notice of FMLA Requirements and Enforcement**

FMLA makes it unlawful for any employer to:

Interfere with, restrain, or deny the exercise of any right provided under FMLA;
and/or
discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer. The FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

It is the policy of the Town of Stowe to comply with all laws and other regulations relative to outside networks and databases and no inspection of the Town's computers shall occur outside of any law or regulation governing usage of outside networks or shared databases.

A. Computer Security: It is the responsibility of each user who should make sure that adequate data protection, through the use of passwords and other resources, is in effect. Employees are expected to use virus-scanning software and may be held responsible for any damage caused by using unauthorized software or viruses they introduce into the Town computer system through prohibited uses of it. As a precaution against viruses, employees should not open email attachments from any unknown senders. D. Prohibited Use: Computers shall not be used for personal financial gain or for illegal purposes. Transmission of electronic messages on the Town computer system shall be treated with the same degree of propriety, professionalism, and confidentiality as written correspondence. SEXUAL HARASSMENT POLICY**

Section 1. Purpose – To comply with state (23 VSA 495h) and federal law by adopting a written anti-harassment policy. Also, to convey to the employees in writing that it is against the policies of the Town, and illegal under state and federal law, for any employee, male or female, to sexually harass another employee.

Section 2. Conduct – The Town is committed to providing a workplace free from sexual harassment. It is a violation of this policy for an employee to engage in sexual harassment. Sexual harassment is a form of sex discrimination; it means unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- (1) Submission to or rejection of a request for a sexual favor is used as the basis for employment decisions affecting the person who did the submitting or rejecting;
- (2) Submission to a request for sexual favors is made either explicitly or implicitly a condition of the individual's continued employment;
- (3) Unwelcome sexual advance and other verbal or physical conduct of a sexual nature interferes with an individual's work performance or creates an intimidating, hostile or offensive work environment;
- (4) An individual repeatedly makes inappropriate remarks about someone's clothing, body or sexual activities or engages in repeated leering or ogling; or
- (5) An individual engages in unwelcome and offensive touching, patting, or pinching of another person's body parts, or any type of assault of a sexual nature.

Section 3. Training - Each Department Head has an affirmative duty to maintain his/her workplace free of sexual harassment and intimidation. Therefore, it is the responsibility of the Department Head to discuss this Policy with their employees and assure them that they can work in security and dignity, and are not required to endure insulting, degrading, or exploitive sexual treatment. It is also the responsibility of any department head to immediately report to the Town Manager or Human Resource Coordinator any complaints they receive from their employees concerning sexual harassment.

Section 4. Complaints: Any employee or volunteer, who is the victim of sexual harassment or abuse, should report the matter to the Town Manager. If the complainant is dissatisfied with the employer's action, or is otherwise interested in doing so, he/she may file a complaint by writing or calling the following state or

federal agencies:

- (1) Vermont Attorney General's Office, Civil Rights Unit, 109 State Street, Montpelier, VT 05609; tel; (802) 828-3171 (voice/TDD): Complaints should be filed within 300 days of the adverse action.

- (3) Each of these agencies can conduct impartial investigations, facilitate conciliation; and, if it finds that there is probable cause or reasonable grounds to believe sexual harassment occurred, it may take the case to court. Although employees are encouraged to file their complaint of sexual harassment through this employer's complaint procedure, an employee is not required to do so before filing a charge with these agencies.

E. Retaliating or discriminating against an employee for complaining about sexual harassment is prohibited.

F. Any substantiated instance of sexual harassment as described herein, any act of retaliation, or any failure to cooperate in the investigation or resolution of a sexual harassment complaint may result in disciplinary action consistent with any applicable collective bargaining agreement, statute or Town policy.

G. In the event an employee accuses the Town Manager of this type of conduct, a complaint shall be submitted to a Selectboard Member. The Town Attorney shall conduct an investigation and issue a report with a summary of findings to the entire Selectboard.

H. In the event an investigation leads to the conclusion that the accusation is unsubstantiated or does not constitute behavior which is inappropriate, no disciplinary action shall be taken.

I. In the event an investigation leads to the conclusion that the accusation is blatantly false and malicious, the accuser may be disciplined consistent with any applicable collective bargaining agreement, statute or Town policy.
